# School Accountability Report Card 

## Issued Spring 2013 for Academic Year 2011-12

## What Is a School <br> Accountability <br> Report Card?

Since November 1988, state law has required all public schools to prepare and distribute annually a School Accountability Report Card (SARC).

The purpose of the report card is to provide parents and the community with important information about the performance and condition of each California public school. The SARC can also be an effective way for a school to report the progress it has made toward achieving its goals. In addition, the public may use the SARC to evaluate and compare schools throughout the state on a variety of indicators.

More information about the requirements for the SARC is available on the state's SARC website:
www.cde.ca.gov/ta/ac/sa/
Additional copies of this SARC may be obtained from the school office or from the district's SARC website:

## School Description and Mission Statement

Fulton K-8 School is located in southeast San Diego in a residential area of singlefamily houses. We began our transition from an elementary school (grades K-5) to a $\mathrm{K}-8$ school during the 2007-08 school year by adding grade 6 . Grade 7 was added in the 2008-09 school year, and grade 8 was added in the 2009-10 school year.

Fulton's comprehensive curriculum centers on critical literacy, math, science, social studies, physical education, and English language development. All students at Fulton have the opportunity to understand computer/digital technology through an experiential, sequential, and cross-curricular program in our state-of-the-art computer lab.

Fulton $\mathrm{K}-8$ is committed to high academic standards for all students in all subjects. Our staff respects individual learning styles and differentiates instruction accordingly. We strongly believe in developing the whole child. We believe that our commitment to quality instruction, enrichment opportunities, and valuing diversity offers a dynamic experience for our students to develop in order to succeed in a global society.

Our mission for Fulton is to provide an educational setting that promotes critical thinking, curiosity, and courage; that inspires hope, dreams, and the belief that students will receive a rigorous education that provides them with lifelong skills. Our expectation and belief are that all students will achieve. We strongly believe in the development of personal responsibility and positive self-esteem to facilitate a cooperative, integrated, achieving learning community.

## Opportunities for Parent Involvement

We are committed to communicating with and engaging parents as partners in their children's education. The district's Parent Outreach and Engagement Department serves as a national model in providing opportunities and effective methods for parents, guardians, and family members to participate in the educational process. We are also committed to obtaining community resources for our school and invite all members of our community to assist us in the education of our students. Parents have many opportunities to be involved at their children's school site (for example, governance committees, special events, fundraising events, parent organizations, and in classrooms) and at the district level (for example, district councils/committees, Parent University, and special events). We encourage parents to support their children at home by making their expectations about school clear and creating a positive homework and learning environment.

The Union of Pan Asian Communities provides services at our school. In addition, we have five days of mental health counseling as well as services provided by Early Mental Health Intervention.

At Fulton, we believe that parental involvement is essential to student growth and success. Therefore we provide several opportunities for parents and community members to be involved in the educational process. All stakeholders are encouraged to participate in the decision-making process and volunteer to support the academic program through the School Site Council, Parent Teacher Association, Ladies of Fulton, Gentlemen of Fulton, the Gardening Club, and the Girl and Boy Scouts. In addition, to support our instructional program as well as the holistic development of our students, Fulton has partnerships with Jackie Robinson YMCA and the Southeast Kiwanis Club.

If you want to get involved, please contact Dr. Stanley Munro at (619) 3443200.

Most of the data in this SARC are from the 2011-12 school year or the two preceding years (2009-10 and 2010-11). Graduation, dropout, and fiscal data are from 2010-11. When no year is specified, data are from the most recent year available.

Data included in this SARC are consistent with State Board of Education guidelines, available at the California Department of Education website: www.cde.ca.gov/ta/ac/sa/.

## Ed-Data Partnership Web Site

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public K-12 school districts and schools.

## DataQuest

DataQuest is an on-line data tool (dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district, the county, and the state. DataQuest is a dynamic system that provides reports for accountability, test results, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## School Climate

## School Safety Plan (2011-12)

## Last Review/Update: October 16, 2012 Last Discussed with Staff: September 10, 2012

Each school has a Crisis Response Box that includes its state-mandated comprehensive school safety plan. This plan meets the state requirements described in California Education Code Sections 35294-35297. The safety plan includes disaster procedures, procedures for safe entry and exit of students, procedures for serious disciplinary problems, a sexual harassment policy, child abuse reporting procedures, school dress codes, and school discipline policies.

Adult supervision is provided in the classrooms and outside areas before and after school, during recess and lunch, and during passing time between classes. Under the direction of the principal or site administrator, school staff members implement specific school-building security procedures. In addition, district offices support schools by reviewing and disseminating safety requirements and information, coordinating safety-related services, and providing safety training and assistance.

At Fulton K-8 we take additional preventative measures to ensure the safety of our students. All adults on campus are visible and accessible to students for supervision, problem solving, or counseling. We feel that having staff members work collaboratively with students fosters a sense of safety and well-being while maintaining a secure campus. Finally, student leadership and involvement in campus safety enhances individual responsibility and campus pride.

## Suspensions and Expulsions

The following table shows the numbers and rates of suspensions and expulsions. Rates per 100 students are the total number of incidents divided by the school's enrollment for the given year, multiplied by 100 . The district comparison rates are the expected rates for the school's enrollment and grade-level composition, based on actual districtwide rates. Because suspension and expulsion rates vary greatly by grade level, and since any given two schools are not likely to have identical enrollment numbers per grade, schools will have different district comparison rates.

| Type of Action |  | 2009-10 |  | 2010-11 |  | 2011-12 |  |

## School Facilities

## School Facility Conditions and Improvements (2012-13)

Fulton is a mix of permanent and temporary structures. In the fall of 2008 the school was painted and received an upgrade of facilities to support the middle school grades. Such upgrades included new classrooms, a science lab, music room, and physical education locker rooms. Everything is current and in good condition.

## School Facility Good-Repair Status (2012-13)

This table displays the results of the most recently completed school-site inspection to determine the facility's good-repair status.

| Item Inspected | Repair Status* |  |  |  | Repair Needed and Action Taken or Planned |
| :---: | :---: | :---: | :---: | :---: | :---: |

## Teachers

## Teacher Credentials

This table displays the number of teachers assigned to the school who are fully credentialed, who are working without a full credential, and who are credentialed but teaching outside of their subject area of competence. District totals do not include charter schools. Detailed information about teachers' qualifications can be found on the CDE DataQuest website at dq.cde.ca.gov/dataquest/.

| Number of Teachers | School |  |  | District |
| :---: | :---: | :---: | :---: | :---: |
|  | 2009-10 | 2010-11 | 2011-12 | 2011-12 |

| Without full credential | 0 | 0 |  |  |
| Total | 34 | 25 |  |  |

## Teacher Misassignments and Vacant Teacher Positions

This table displays the number of teacher misassignments (teachers assigned without proper legal authorization) and the number of vacant teacher positions (long-term vacancies for which there was no teacher assigned by the twentieth school day of each semester). Total teacher misassignments includes the number of misassignments of teachers of English learners. For 2012-13, the most current data are reported.

| Indicator | $2010-11$ |  | 2011-12 |  | 2012-13 |

## Core Academic Courses Taught by Teachers in Compliance with the No Child Left Behind Act (2011-12)

The No Child Left Behind (NCLB) Act requires all teachers of core academic subjects to be "highly qualified." In general, NCLB requires that each teacher must have: (1) a bachelor's degree, (2) a state credential (or an Intern Certificate/Credential for no more than three years), and (3) demonstrated subject-matter competence for each core subject he or she will teach.

This table displays the percentage of classes in core academic subjects taught by teachers who are compliant with NCLB at this school, at all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. (High-poverty schools are defined as those with student eligibility rates of approximately 40 percent or higher in the free and reduced-price meals program. Lowpoverty schools are defined as those with student eligibility rates of 25 percent or lower in the program.) More information on teacher qualifications required under NCLB can be found at the CDE website at www.cde.ca.gov/nclb/sr/tq/.

| Location of Classes | Percentage of Classes in Core Academic Subjects |
| :--- | :---: |

## Support Staff

## Academic Counselors and Other Support Staff Members (2011-12)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff members who are assigned to the school. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. The table also displays the average number of students for each academic counselor.

| Position | Number of FTE Assigned <br> to the School | Average Number of Students per <br> Academic Counselor |
| :--- | :---: | :---: |
| Academic Counselor | 0.0 | N/A |
| Counselor (Social/Behavioral or Career Development) | 0.3 |  |
| Library Media Teacher (Librarian) | 0.0 |  |
| Library Media Services Staff (Paraprofessional) | 0.5 |  |
| Psychologist | 0.4 |  |
| Social Worker | 0.0 |  |
| Nurse | 0.2 |  |
| Speech/Language/Hearing Specialist | 1.0 |  |
| Resource Specialist (Non-Teaching) | 2.8 |  |
| Health Tech | 0.8 |  |
| Other | 0.0 |  |

## Curriculum and Instructional Materials

## Quality, Currency, and Availability of Textbooks and Instructional Materials (2012-13)

The district adopts textbooks and instructional materials based on the implementation cycle established by the state. It provides a sufficient number of standards-aligned textbooks and other instructional materials for all students in the subject areas of English language arts, health, history-social science, mathematics, science, and world languages. Science laboratory equipment is available to students enrolled in laboratory science courses in grades $9-12$. The following table displays information about the availability of the standards-aligned textbooks and other instructional materials used at the school. These data were collected on October 29, 2012.

| Core Curriculum Area | Percentage of Pupils Who Lack <br> Their Own Assigned Textbooks and <br> Instructional Materials | Are These Textbooks and <br> Instructional Materials from the <br> Most Recent Adoption? |
| :--- | :---: | :---: |
| English Language Arts | 0 | Yes |

## List of Textbooks and Instructional Materials Used in Core Subject Areas (2012-13)

All textbooks and instructional materials come from state or district lists. A list of all textbooks and instructional materials used in the school in the core subjects (English language arts, mathematics, science, and history-social science), may be found at the end of this document in the appendix entitled Adopted Texts and Instructional Materials. Descriptions of the district's courses, including instructional materials, may be found in the Course of Study, $K-12$, revised annually and available on-line at www.sandi.net/page/1605.

## Professional Development

The Instructional Support Services Department collaborates with other departments to provide teachers and administrators with ongoing professional development to improve teaching and learning in the areas of literacy, mathematics, science, history-social studies, visual and performing arts, physical education, health, educational technology, and gifted and talented education. Sessions offered at various times throughout the year focus on a wide variety of professional development aimed at strengthening pedagogy and content knowledge to meet the needs of all learners, with an emphasis on targeting the needs of our English language learners, Special Education students, and other struggling learners.

In addition to district-provided professional development, principals identify a schoolwide focus each year for professional development and also determine areas of individual need. Throughout the year, they conduct large- and small-group staff conferences and coach teachers at the school site to improve instructional practice. Staff release for professional development is organized in a variety of ways on a site-by-site basis throughout the year.

## School Finances

## Expenditures per Pupil and School-Site Teacher Salaries (Fiscal Year 2010-11)

This table displays this school's expenditures per student from basic (unrestricted) sources, from any supplemental (restricted) sources, and its total per-pupil expenditures. The table also provides a comparison of the school's per-pupil expenditures from basic sources with other schools in the district and throughout the state. Finally, it compares the average teacher salary at the school with average teacher salaries in the district and the state.
Basic or unrestricted sources are funds that, except for general guidelines, are not controlled by law or by a donor. Supplemental or restricted sources are funds whose use is controlled by law or by a donor. Money that is designated for specific purposes by the Board of Education is not considered restricted.
For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education and Per-pupil Spending webpage: www.cde.ca.gov/ds/fd/ec/. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries and Benefits webpage: www.cde.ca.gov/ds/fd/cs/. To look up expenditures and salaries for a specific school district, see the EdData website at: www.ed-data.org.

| Level | Total Expenditures <br> Per Pupil | Expenditures Per Pupil <br> (Supplemental) | Expenditures Per <br> Pupil (Basic) | Average <br> Teacher Salary |
| :--- | :---: | :---: | :---: | :---: |
| School Site | $\$ 8,704$ | $\$ 3,719$ | $\$ 4,986$ | $\$ 61,603$ |
| District |  |  | $\$ 5,026$ | $\$ 64,014$ |
| Difference: School Site and District (\%) |  |  | -0.8 | -3.8 |
| State |  |  | $\$ 5,455$ | $\$ 68,835$ |
| Difference: School Site and State (\%) |  | -8.6 | -10.5 |  |

## Types of Services Funded (Fiscal Year 2011-12)

The district's general fund includes monies for:

- General operations-salaries, benefits, services, materials, and support to the general education
- Special Education-programs offering appropriate, individualized instruction to students with special needs
- Special projects-monies from agencies (federal or state) earmarked for specific programs/projects or services
- Transportation
- Maintenance and operations
- District administration

Each school in the district receives an instructional budget based on enrollment, programs, and formulas set by Board of Education policy, state law, agreements with employee bargaining units, and guidelines of outside funding sources.

## Teacher and Administrative Salaries (Fiscal Year 2010-11)

This table displays district-level salary information for teachers, principals, and the superintendent, and compares these figures to the state averages for districts of the same type and size. The table also displays teachers and administrative salaries as a percentage of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries may be found at the CDE website at $w w w . c d e . c a . g o v / d s / f d / c s /$.

| Position |  | Statewide Average for <br> Districts in Same Category |

| Percentage of Budget for Teachers' Salaries | $\$ 245,192$ | $39 \%$ |
| Percentage of Budget for Administrative Salaries | $39 \%$ | $5 \%$ |

## Student Performance

## Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CST), the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA).

The CSTs show how well students are doing in relation to the state's content standards. The CSTs include English-language arts (ELA) and mathematics in grades $2-11$; science in grades 5,8 , and $9-11$; and history-social science in grades 8 and $9-11$.

The CMA is an alternate assessment based on modified achievement standards. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards, with or without accommodations. The CMA includes ELA for grades 3-11; mathematics for grades 3-7, algebra I, and geometry; and science for grades 5, 8 , and life science in grade 10.

The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CAPA includes ELA and mathematics in grades 2-11 and science in grades 5,8 , and 10 .

General information about the STAR Program and detailed information regarding the STAR Program results for each grade and performance level, including the percentage of students not tested, may be found on the CDE's STAR results website: star.cde.ca.gov.

## STAR Program Results

STAR scores are ranked according to five "performance levels": Advanced (exceeds state standards), Proficient (meets state standards), Basic (approaching state standards), Below Basic (below state standards), and Far Below Basic (well below state standards). Students scoring at the Proficient and Advanced levels have met state standards in that content area.

The following tables show, by subject area, the percentage of students in each grade who achieved the Proficient or Advanced levels (meeting or exceeding state standards) at the school, district, and state levels for the last three years. Statewide data are rounded to the nearest percentage point.

The following tables show the percentage of students in various state-defined student groups who achieved the Proficient or Advanced levels (meeting or exceeding state standards) for the most recent STAR testing period (2011-12).

Note: No group score is reported that would deliberately or inadvertently make public the score or performance of any individual student. Scores are not shown when the number of students tested in a particular student group is 10 or fewer, either because the number of students is too small for statistical accuracy or to protect students' privacy. Such cases are indicated by an asterisk (*). Data on students receiving migrant education services are not available.

## California Physical Fitness Test Results (2011-12)

The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. The table on the next page displays by grade level the percentage of students tested who met the fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found at the CDE website at www.cde.ca.gov/ta/tg/pf/.

Note: No group score is reported that would deliberately or inadvertently make public the score or performance of any individual student. Scores are not shown when the number of students tested in a particular student group is 10 or fewer, either because the number of students is too small for statistical accuracy or to protect students' privacy. Such cases are indicated by an asterisk (*). Data on students receiving migrant education services are not available.

## Accountability

## Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000 , with a statewide target of 800 . Detailed information about the API can be found at the API website at www.cde.ca.gov/ta/ac/ap/.

## API Ranks: Three-Year Comparison

This table displays the school's statewide and similar-schools API ranks. The statewide API rank ranges from 1 to 10 . A statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state, while a statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state. The similar-schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar-schools rank of 1 means that the school's academic performance is in the lowest 10 percent of the 100 similar schools, while a similar-schools rank of 10 means that the school's academic performance is in the highest 10 percent of the 100 similar schools.

| API Rank | $\mathbf{2 0 0 9}$ | $\mathbf{2 0 1 0}$ | $\mathbf{2 0 1 1}$ |
| :--- | ---: | :---: | :---: |
| Statewide | 2 | 2 | 1 |
| Similar Schools | 4 | 6 | 4 |

## API Changes by Student Group: Three-Year Comparison

This table displays, by student group, the actual API changes (growth) in points added or lost for the past three years, and the most recent API score (growth).

Note: A dash (-) means that the student group is not numerically significant for the years shown, "B" means the school did not have a valid 2011 API Base and therefore will not have any growth or target information, and " C " means the school had significant demographic changes and will not have any growth or target information.

## 2012 API Growth Comparison by Student Group

The table on the next page displays, by student group, the number of students included in the API and the 2012 Growth API scores at the school, district, and state levels.

Note: A dash (-) means that the student group is not numerically significant, "B" means the school did not have a valid 2011 API Base and therefore will not have any 2012 growth or target information, and " C " means the school had significant demographic changes and will not have any growth or target information.

## Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP website www.cde.ca.gov/ta/ac/ay/.

## AYP Overall and by Criteria (2011-12)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

| AYP Criteria | School | District |
| :--- | :---: | :---: |
| Overall | No | No |
| Participation Rate-English-Language Arts | Yes | Yes |
| Participation Rate-Mathematics | Yes | Yes |
| Percentage Proficient-English-Language Arts | No | No |
| Percentage Proficient-Mathematics | No | No |
| Met API Criteria | No | Yes |
| Met Graduation Rate | N/A | Yes |

## Federal Intervention Program (2011-12)

Schools that receive funding from the federal government under Title I must enter federal Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE website at www.cde.ca.gov/ta/ac/ay/.
