Student Connect Responsibility Contract

San Diego Unified School District / 2009-10 School Year

Collaboration and communication between parents, staff and students are a priority at our school. In an effort to build on this belief, and to ensure academic success for all students, we are offering Student Connect at schools that select to implement.

The Student Connect application provides students secured Internet access to a wide array of student school data such as: district, school and classroom news; student demographics; student schedules; attendance activity; class assignments; report cards and progress reports; health and immunizations; transcripts; standardized testing results; behavioral incidents; food service transactions; and e-mail links to teachers, counselors, and school administrators. This application will also be used for students to enter and edit course requests.

Please read the "Network Use Guidelines" for San Diego Unified School District before signing this document. This is a contract and must be signed before you will be given access to the San Diego Unified School District's wide area network (SanDiNet) and Student Connect.

I understand and will abide by the above terms and conditions for access to SanDiNet and/or the Internet.

1. I understand that the signatures at the end of this document are binding and indicate the parties who signed have read the terms and conditions carefully and understand their significance.

2. I further understand that any violation of these regulations is unethical and some actions could constitute a criminal offense.
